TECHNICAL DATA SHEET

ZINC SPRAY

DESCRIPTION: A unique combination of zinc powders and resins, formulated to form a high performance zinc-rich coating that actively fights rust and corrosion by its galvanic properties. Ferrous metals are protected by the sacrificial action, even when scratched or damaged. Excellent touch-up for damaged galvanized surfaces. Good mechanical resistance due to the excellent adhesion on metal.

APPLICATION AREAS: For general use in all situations where clean and degreased metal surfaces need to be protected against corrosion:

- Power generation equipment • Trailers • Transmission towers • Transformers • Ships
- Radio and T.V. relay towers • Sub-station equipment • Fencing • Structural steel
- Railroad equipment • Roofs Guard rails • Coastal and ship borne installations • Storage tanks.
- Welding seams rivet holes • Off shore oil rigs • Repair of galvanized parts • Home, garden and farm equipment

PRECAUTIONS:

Stir/Shake well before applying. Store below 50°C . Use in well ventilated areas. Do not use into or around open flames and sparks. Keep out of reach of children
